SANFORD, Florida (August 12, 2014) - Shifting demographics, heightened patient and community expectations of care, changing regulations and expanded use of technology require that HealthCare professional increase their inclusion and cultural competence.

Responding to this challenge, [PRISM International, Inc.](#) announced the release of its new **HealthCare Inclusion & Cultural Competencies Suite**. This suite of six products and services provides clinical and non clinical staff with needed information, insights, skills and tools to work confidently in their increasingly complex, fast paced, technology driven and diverse healthcare environment.

More specifically, the [PRISM HealthCare Inclusion & Cultural Competencies Suite](#) helps medical staff to:

- Understand the impact of the trends driving changes in HealthCare
- Recognize their own perceptions, assumptions and biases – and the impact on the staff and on Patient Care
- Approach their colleagues and the bed side with expanded cultural competence
- Refocus their behavior on building and supporting a culture of engagement, cooperation, trust and respect

PRISM HealthCare Inclusion & Cultural Competencies Suite consists of six skill building resources:

- 1. Creating Inclusive and Culturally Competent Teams HealthCare IMPACT Roadmap™**
- 2. Inclusion, Cultural Competency and You™ (training-in-a-box tool kit)**
- 3. HealthCare Xpress™ (training-in-a-box tool kit)**
- 4. Race Matters - Results Count in HealthCare!™ Workshop**
- 5. Diversity, Inclusion & You (Healthcare e-learning)**
- 6. Creating More Effective ERGs & Diversity Councils**
